

Handi-Hut's line of Smoking Shelters are pre-engineered, prefabricated in rust-proof, anodized aluminum, glazed with clear, tempered safety glass, and includes an aluminum bench with backrest.

Great options for businesses, apartment buildings, nursing & assisted living homes, hotels and more.

Choose from 9 different roof styles, numerous designs, sizes, colors, configurations, options and accessories. With our modular manufacturing method, you can mix and match, or we can create a completely custom shelter from scratch. Either way, Handi-Hut shelters are a great value and will suit virtually any site or budget.
